GC:	Owner Rep: Bob Harris, Decorative Concrete Institute

Project Details

- First Cabela's in New York, this new retail store must meet strict standards for color, texture and finish to match stores nationwide.
- Extremely intricate floor profiles wrapped around exhibits inside store
- Must submit comprehensive floor maintenance plan

Challenge: Exacting corporate appearance, safety and performance standards.

Cabela's is among the largest sporting goods and outfitters in the United States and requires consistent,

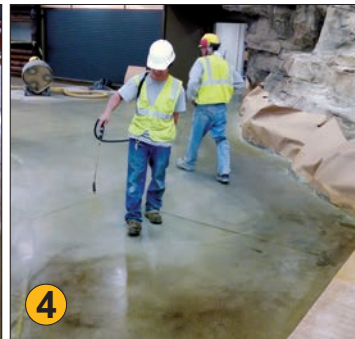

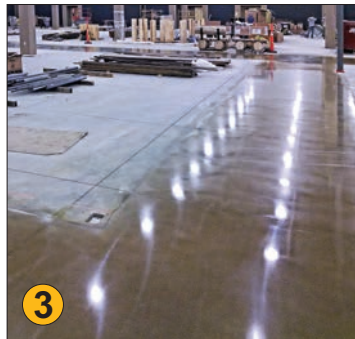

precise appearance, slip-resistance and performance for all of their floors. The MJA Company was chosen by the Decorative Concrete Institute because of demonstrated experience, expert craftsmanship and reliability.

Results:

Project completed on time, within budget and exceeded building owners' expectations.

NOTE: The MJA Company is Western New York's only NFSI Certified Walkway Auditor and is available to perform floor audits at your location.
